## Put Aside Cold War in Congo Crisis, UN Told

UNITED NATIONS, N.Y. (AP) — The United States today proposed that the resumed session of the U.N. General Assembly avoid cold war issues and restrict its work to the most urgent questions.

The proposal was made by chief U.S. Delegate Adlai E. Stevenson shortly before the 99-nation assembly reconvened after an 11-week recess. It came on the heels of Soviet suggestions that the current session steer clear of the cold war.

Stevenson discussed the agenda problem Monday with Soviet Foreign Minister Andrei A. Gromyko, but no agreements were reached.

## Sees Quick Integration at Little Rock

LITTLE ROCK (AP) — The president of the segregationist Citizens Council predicted today that some Little Rock schools will be half Negro and half white next September.

Amis Guthridge, a lawyer and arch segregationist, offered no proof in support of his claim, which he said was made after "checking with certain people in the Little Rock School District and the Parent-Teacher Association."

A federal appellate court last week overturned the Little Rock School Board's use of pupil placement laws in making high school assignments in 1959 and in another part of its decision indicated that junior high schools should be integrated next fall.

Junior high school desegregation was contemplated in a court-approved plan filed before the first integration in 1957-58. The School Board has not said whether the junior high schools will be desegregated next fall.

Guthridge said the school board "is now caught in its own integration trap."

Guthridge said he had replaced Dr. Malcolm Taylor as president of the Citizens Council.

## Weather

Experiment Station report for 24-hours ending at 7 a. m. Tuesday, High 82, Low 55; Total 1961 precipitation through February, 7.03 inches; during the same period a year ago, 10.10 inches.

ARKANSAS — Cloudy and mild north portion to warm south portion with showers and thunderstorms late this afternoon and early tonight. Wednesday clearing and mild. Highest this afternoon 65 to low 80s. Lowest tonight mid 40s north to near 60 south. Highest Wednesday mid 60s to mid 70s.

BY THE ASSOCIATED PRESS  
All sections: Considerable cloudiness and mild this afternoon and tonight with scattered showers and locally heavy thunderstorms. Wednesday clearing and mild. Thursday partly cloudy and mild. Highest today near 70 central, mid 60s to low 70s northeast and northwest, mid 70s to low 80s southeast and southwest. Lowest tonight near 50 central, mid 40s to low 50s northeast and northwest, mid 50s to 60s southeast and southwest.

LOUISIANA — Mostly cloudy this afternoon and tonight with scattered showers and thunderstorms. Partly cloudy Wednesday with showers southeast portion ending early Wednesday. Not so warm Wednesday and in north and central portions tonight. Lowest tonight 44 to 52 north and 60 to 70 elsewhere. Highest Wednesday 65 to 72.

## Severe Weather Warning Issued

LITTLE ROCK (AP) — The Weather Bureau today issued the following severe weather forecast:

"Thunderstorms forming in Oklahoma and north central Texas this morning are expected to increase in number and in intensity early this afternoon as they move northeastward. Severe thunderstorms with tornadoes are expected during the period from 2 p.m. to 8 p.m. in areas along and 60 miles either side of a line from Ardmore, Okla., to Flippin, Ark."

"This includes all or part of the following Arkansas counties: Benton, Carroll, Boone, Marion, Washington, Madison, Newton, Searcy, Crawford, Franklin, Johnson, Pope, Van Buren, Sebastian, Logan, Conway, Scott, Yell and Polk."

## Bill Okayed for Cities to Expand Taxes

By LEON HATCH  
LITTLE ROCK (AP) — The Senate today approved 25-5 a proposed constitutional amendment to expand the taxing power of cities and towns.

The vote, which sends the proposal to the House, followed half an hour of lively debate.

The proposed amendment was the only one of the three recommended by a joint committee Monday night which originated in the Senate.

The other two proposals were House resolutions and will be acted on in the lower chamber before going to the Senate.

The Senate resolution would remove present constitutional limitations on property levies by cities, but would make any municipal tax action subject to popular vote within the city.

The resolution was submitted by Sen. Robert Harvey of Swift, who said it had been approved by the Arkansas Municipal League.

Harvey urged its passage, declaring that "I don't know what the cities are going to do if we don't give them some relief."

He said that a similar proposed amendment defeated in the November general election hadn't had a chance because of the fact that it was on the ballot with a highly unpopular proposal which would have permitted school closings against segregation.

Sen. Clifton Wade of Fayetteville urged rejection of the Harvey proposal in favor of one he introduced.

He said his proposal would permit tax increases by cities and towns but would still retain limitations.

He declared that "We would be wasting a spot on the ballot if we submit this one to the people."

Harvey was supported by Sen. John Eldridge of Augusta and Wade was backed by Sens. Douglas Bradley of Jonesboro and Robert Hays Williams of Russellville.

A maximum of three proposed constitutional amendments may be submitted for a popular vote at the 1962 general election.

Bradley today withdrew his controversial bill to cut employee or private organizations out of the Teacher Retirement System and to transfer to the general state retirement system some of the public employees now covered in the teachers system.

Bradley said he acted because a study committee has been set up to review teacher retirement before the 1963 General Assembly.

The Senate today passed and sent to Gov. Orval E. Faubus a House bill which would forbid prosecution in a state court of a defendant who had been convicted or acquitted in a federal court or the court of another state on a charge growing out of the same offense.

## Elderly Pair Hurt in Storm

WALNUT RIDGE, Ark. (AP) — An elderly couple was injured Monday when a windstorm destroyed their house, following a day of turbulent weather in east Arkansas.

The storm trapped Mrs. John Hall, 88, in the wreckage of her home, in a downtown. Her husband, 74, could not find his wife until neighbors arrived to help them two hours later.

The couple was hospitalized here.

A tornado was sighted in the air about 25 miles north of here Sunday night. A storm described as a tornado hit Carlisle Sunday.

A windstorm blew the roof off a hospital under construction at Mountain View Sunday night. Damage was estimated at \$3,000.

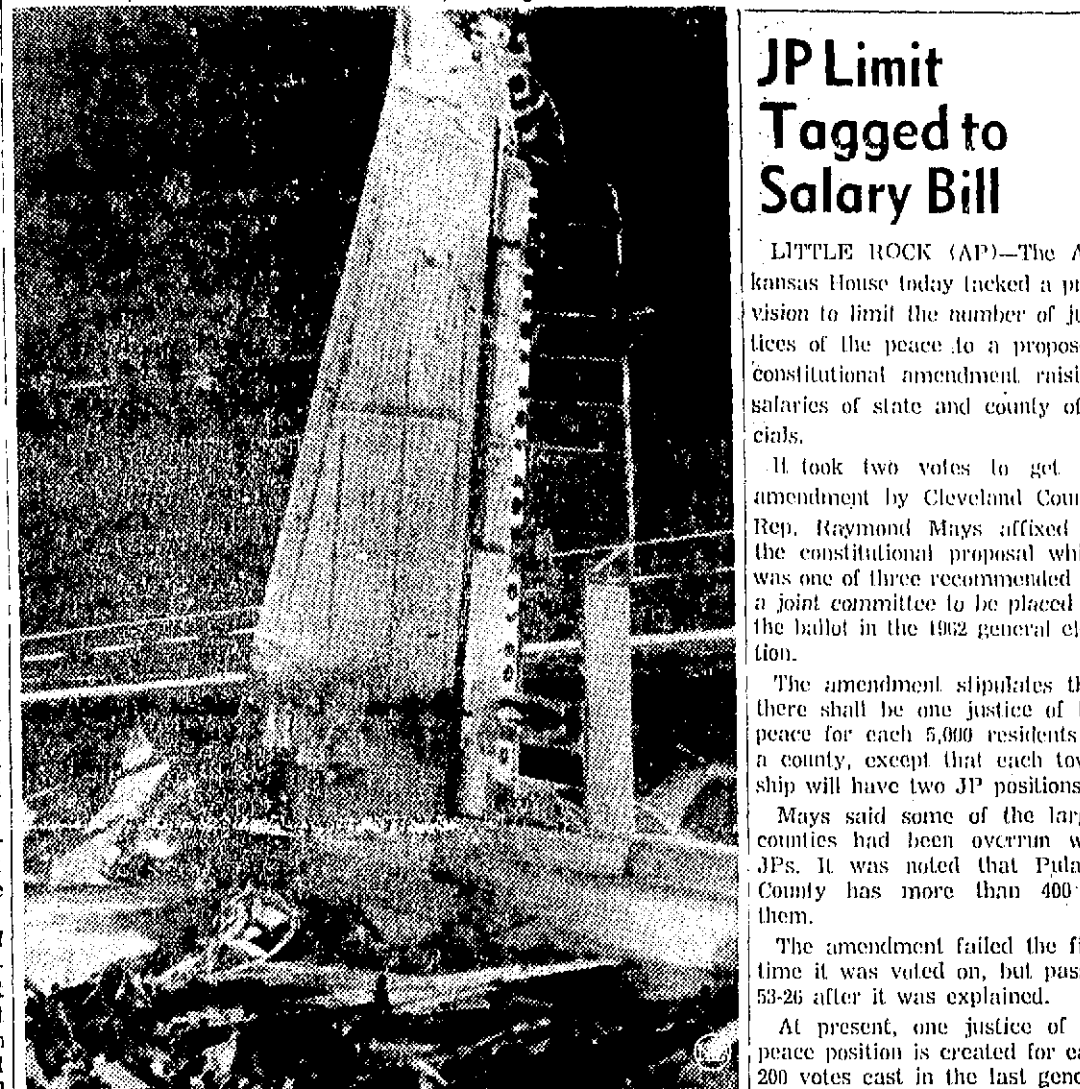

## Band Meet Set Thursday Night

There will be a meeting Thursday at 7:30 p.m. at the Band Building for all those interested in playing a musical instrument again. Even if you should not still have an instrument now, come anyway for arrangements can be made to furnish you with one.

You do not have to be a professional musician to be a member of this group, just anyone who would love to read sheet music again after perhaps many years.

DAMAGE WIDESPREAD — A RASH OF tornadoes over the week-end has left wide-spread damage in several states. Chicago was hard hit injuring scores of people; high winds, called a tornado, struck near Little Rock Ark., causing damage to power lines and communications. A tornado that hit Kokomo Ind., left much damage on the South side of the city and killed one woman. — NEA Telephoto

TANKER CRASH KILLS NINE — THE TAIL SECTION OF a KB-50 tanker plane is about the only recognizable part of the ship after it crashed and exploded while landing at Biggs Air Force Base near El Paso, Tex. The nine crew members aboard the plane were killed. — NEA Telephoto

## Liz Taylor Apparently Very Critical

By EDDY GILMORE

LONDON (AP) — Seven doctors held an urgent conference today at the bedside of Elizabeth Taylor and a friend said later "there's still hope."

The doctors made no statement on emerging from the room where the beautiful 29-year-old film star is fighting for her life against double pneumonia.

"While her condition is still very critical, there's no reason at the moment for any fresh despondency," said the friend, Suzanne Cordozo.

"The doctors believe she's maintaining at least a little of the improvement she showed this morning."

Queen Elizabeth's physician, Lord Evans, attended the doctors' conference. He arrived at Miss Taylor's hospital, the London Clinic, shortly before the star's parents, Mr. and Mrs. Francis Taylor, and their expressions reflected the gravity of their daughter's condition.

At one point, Miss Taylor roused from a coma and whispered: "I want my mother."

Mrs. Taylor, the former American actress Sara Sothorn, was in the room but Miss Taylor apparently did not recognize her.

## Additional Funds for Farm Housing

An additional \$50 million has been made available to the Farmers Home Administration for farm housing loans, N. N. Danick, the agency's county supervisor announced today.

He said that the new loan funds assure an adequate supply of this type of credit for eligible farm families during the balance of the fiscal year. Loans made so far this year plus those being processed had practically exhausted the funds previously available.

Farm housing loans are made throughout the rural areas of the U.S. The loans provide farm families with an opportunity to acquire an adequate house and efficient service buildings.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration, in the Courthouse in Hope, which is open Monday and Thursday of each week. Mr. Danick said. The loans bear 4 percent interest and are repayable over a period up to 33 years.

## Grandson of Hope Couple Is Killed

Robert Smith, aged 14, was killed in an accident in the school workshop yesterday afternoon at Iran, Texas. He was the grandson of Mr. and Mrs. Clyde Smith of Hope and the son of Homer Smith, formerly of Hope.

Funeral services will be held in Iran, Texas Wednesday.

## Burglars Hit the Plaza Cafe Here

City Police are investigating the burglary of Hope Plaza Cafe last night in which about \$75 was taken from a cash register. Officers said an undetermined amount was taken from a cigarette machine. The thief gained entrance to the Cafe through the men's rest room by using a screw driver to break the lock.

## JP Limit Tagged to Salary Bill

LITTLE ROCK (AP) — The Arkansas House today tacked a provision to limit the number of justices of the peace to a proposed constitutional amendment raising salaries of state and county officials.

It took two votes to get an amendment by Cleveland County Rep. Raymond Mays affixed to the constitutional proposal which was one of three recommended by a joint committee to be placed on the ballot in the 1962 general election.

The amendment stipulates that there shall be one justice of the peace for each 5,000 residents in a county, except that each township will have two JP positions.

Mays said some of the larger counties had been overrun with JPs. It was noted that Pulaski County has more than 400 of them.

The amendment failed the first time it was voted on, but passed 53-26 after it was explained.

At present, one justice of the peace position is created for each 200 votes cast in the last general election.

The constitutional proposal originally was designed to increase the maximum salary for county officials. It was amended last week to increase the maximum for state constitutional officers.

A similar proposed amendment was defeated in last year's general election.

Earlier today, the House adopted St. Francis County Rep. Clarke Kinney's resolution to create an 11-man Inmate Rehabilitation Board to study the possibilities of instituting a rehabilitation program in Arkansas prisons.

The amendment stipulates that there shall be one justice of the peace for each 5,000 residents in a county, except that each township will have two JP positions.

## Faubus Wrangles Two Wins in Legislature With Teacher, Construction Bills Passing

LITTLE ROCK (AP) — Gov. Orval E. Faubus scored two major victories in the Arkansas Legislature Monday. His \$17 million omnibus construction bill was passed by both houses, and his teacher retirement bill passed the Senate.

Having already passed the House, the retirement bill now is ready for Faubus' signature. A rival bill backed by the Arkansas Education Association also has passed both houses, but there is no chance the governor will approve it instead of his own.

The omnibus construction bill, which Faubus says "provides something for everybody," has one more legislative step before going under the governor's pen. Since each house passed its own version of the bill Monday, one of the houses now must approve the other body's version.

This appears routine.

Action on those two measures Monday solved two of the three major problems facing the legislature in this, its final week. The third involves heavy trucks — raising their weight limits and increasing their license fees.

The two truck bills are not expected to be approved before the legislature ends its 63rd session at noon Thursday. Perry Rep. Paul Van Dalsen has promised to filibuster them to death if necessary.

Faubus had been at odds with the Arkansas Education Association on both the teacher retirement plan bill and the omnibus construction measure.

He made some compromises in both it appeared that a majority of the state's teachers were behind the AEA.

Monday, Faubus altered the construction bill to add \$2 million for teachers' salaries. He also added a bill to guarantee that no public school money would be diverted to pay off the \$60 million construction bond issue he pushed through earlier in the session.

This had been a major fear of education forces.

In the teacher retirement battle, Faubus originally contended the state should pay \$3 million per year toward teacher retirement. The AEA said it would not settle for less than \$6 million and produced a financial expert who said \$6 million was necessary to keep the retirement system sound.

Faubus upped his figure to \$3.7 million for 1961-62 and \$3.9 million for 1962-63 and promised that, this way, teachers could get an immediate raise amounting to \$250 a year.

The AEA wasn't satisfied with either of the governor's compromise plans. It issued a statement Monday affirming opposition to the omnibus construction bill despite the extra \$2 million for teacher salaries. The AEA also was adamant about its retirement bill, issuing another statement to that effect.

The House had put the retirement load on the backs of the Senators by passing both the Faubus and AEA bills. The Senate last week passed the AEA bill. Monday, the Senate defeated the Faubus bill by a vote of 15 for, 16 against.

But Faubus sent a letter to the Senate saying he would veto the AEA bill even if his bill didn't pass, and a Faubus floor leader, Sen. Lee Bearden of Leachville, Continued from Page Three

## Election Cases Heard at Lonoke

LONOKE, Ark. (AP) — Two men indicted by a Prairie County Grand Jury in connection with election irregularities will have their cases heard without a jury.

Eagle Boyd of Hazen and Joe Chambers of Carlisle face charges of betting on the election of former state Sen. Jerry Sereeton and J. T. Gunter in last summer's Democratic primary. No date has been set for the hearing.

Sereeton was defeated in the November general election by write-in candidate Charles L. George of Cabot.

## Faubus Fails to Advance Amendments

LITTLE ROCK (AP) — The Legislative Joint Constitutional Amendments Committee has recommended three amendments to the legislature for referral to the people, but they do not include Gov. Orval E. Faubus' proposed segregation amendment.

Faubus' amendment would insure that no child would have to attend an integrated school against his will, and a free public education would be guaranteed for those who balked at attending mixed classes.

Critics have said the amendment is unnecessary, and that the right is already guaranteed by the constitution.

Before adjournment Thursday, the legislature must select three (and only three) proposed amendments for the 1962 general election ballot. It generally goes along with the advice of the amendments committee.

The approved amendments would remove cities taxing limitations, empower the legislature to create districts for voting on industrial and hospital bonds and raise the salary limits of county officials.

The committee also gave a "do not pass" label to a Faubus measure for providing "quickie" amendments to the state constitution.

The committee released two measures without recommendation. These would allow cities and counties to install voting machines and restrict bond issue elections to regular general elections.

## Bad Weather Boils Again Over Nation

By THE ASSOCIATED PRESS  
The bad weather that boiled up a string of tornadoes, windstorms, rain, hail, sleet and heavy snow over a wide corridor of the country's midsection during the weekend moved into the Northeast today.

The culprit for the wide variety of ill weather, the Weather Bureau said, was a low-pressure area that originated in the Southwest and moved in a northeasterly direction through the country. As the low-pressure area moved, possibly 15,000 to 18,000 feet above ground level, it created violent changes in weather.

Heavy rain, sleet and some snow fell over the Southwest last weekend. As the low-pressure area moved north and eastward it brought windstorms, rain and hail into the country's midsection.

Chicago's tornado and heavy snowfalls in Iowa, Minnesota, Nebraska and Wisconsin were caused by the low pressure.

Monday's tornadoes, heavy rain, windstorms and heavy snow also were created by low pressure.

At least three persons died in a rash of twisters Monday. Tornadoes and powerful winds damaged scores of buildings and downed utility lines over wide sections of the Midwest before dissipating over the Appalachians.

As the storm moved into the Southeast and on northward, it dumped nearly 2 inches of rain over parts of Alabama in 6 hours; 1 1/2 inches in Atlanta.

Early morning temperatures ranged seasonally today. The Weather Bureau reported readings in the Rockies and upper Mississippi Valley in the teens and 20s; in the 30s and 40s in the Southwest, Midwest and upper Pacific Coast, and in the 60s and 70s in the South.

## House Refuses to Up Truck License Fees

By JOHN R. STARR

LITTLE ROCK (AP) — The Arkansas House today refused to pass a bill to increase the license fee for heavy trucks. The 46-46 vote indicated that proponents of a companion bill to increase truck load limits may have trouble getting it passed.

The license fee bill needed 75 votes to pass since it levies a tax. Efforts by trucking interests to get a vote on the weight bill first failed again today as the House stood by a decision made Friday to vote on the tax measure first.

It took 20 minutes of noisy parliamentary maneuvering to get the truck license bill up for a vote.

Proponents of the two bills made several attempts to move the weight bill in front, but the House rejected each move.

Opponents of the weight bill apparently planned to seek defeat of the tax bill to increase possibility that the weight measure could be whipped.

In debate on the tax bill, Garland County Rep. Ray P. Smith contended that the tax increase was inadequate to compensate for destruction of highways that he said raising the load limit would cause.

It was estimated by both sides that the tax bill would bring in \$17,000 annually.

Benton County Rep. Hardy Croxton accused opponents of the bills of trying to defeat them with confusion. He said higher truck weight limits are needed to help lure industry into Arkansas.

"Industry is settling on the periphery of the state because of the cost of transportation to central Arkansas," Croxton said. "I am pleading for industry for all of Arkansas. Industry isn't going to wait around for Arkansas to get its freight rates in line."

Croxton estimated that increasing the load limit would save 10 percent on transportation costs.

Speaking against the tax bill, St. Francis Rep. O. P. Hammons said, "Mr. Croxton made a fine speech, but he missed the point. If we don't have highways, industry won't come."

Pike County Rep. Alvis Stokes said western Arkansas poultry and lumber interests were losing business to western states because they have higher truck weight limits.

## Indonesia to Buy More U. S. Rice

WASHINGTON (AP) — The Agriculture Department notified Senator J. W. Fulbright, D-Ark., Monday that Indonesia has contracted to take an additional 30,000 tons of surplus rice under the Surplus Commodities Act.

This is supplementary to 75,000 tons of rice previously purchased by Indonesia under the law which permits disposal of surplus U.S. farm commodities for local currencies.

Fulbright said he also was advised that Pakistan is expected to sign an agreement soon taking 30,000 tons of rice.

The two purchases, Fulbright said, will exhaust the surplus rice available for disposal to other countries under the act.

This situation, he said, points up his recent request to Secretary of Agriculture Orville L. Freeman that the 1961 rice acreage allotment be increased by 10 percent because supplies otherwise might be too small to meet domestic and export needs.

## Benefit Dinner Here Friday

"Help yourself" to good food at the R.N.'s smorgasbord Friday, March 10 at the Barlow. "Help yourself" with improved standards of professional nursing and new discoveries through medical research by supporting the American Nurses Foundation Drive.

## Convictions for Gambling Dismissed

WASHINGTON (AP)—The Supreme Court today threw out the gambling convictions of three men because police obtained evidence by driving a "needle microphone" into the wall of a house.

In a unanimous decision, the high court held that this amounted to unauthorized physical penetration into the house in violation of the Constitution's bar against unreasonable search and seizure.

The court said it was not ruling on the broader question of general use of electronic devices to gather evidence but without physical penetration of premises.

The case before the high court was that of Meyer Schwartz of Pittsburgh and Julius Silverman and Robert L. Martin of Washington. They were convicted in 1956 of conducting a gambling operation in a house here near the State Department. Each was sentenced to 20 months to five years imprisonment.

The house was of the row type. Police listened in from the house next door by driving what is known as a spike or needle microphone into the wall.

Mrs. Tom Dewoody Wednesday were:

Mrs. Vernon Krummel, of St. Louis, Mo.; Mr. and Mrs. Colburn Stuart, Watson; Wallis Steele of Norphlet; Millard Steele, Crellendale; Mrs. George Haynie, Mrs. Della Starks, Little Rock; Mr. and Mrs. Thurman Dewoody Jr. Wichita, Kan.; Mr. and Mrs. Thurman Dewoody, Jerry, Oklahoma City; Mr. and Mrs. Duncan Dewoody of Houston;

Mrs. Linnie Bratton, Mrs. John Adams, Beirne; Mr. and Mrs. Barney Dewoody, Dearborn, Mich. ## Information About Feed Grain Crops

Farmers in Hempstead County who may be interested in a possible feed grain production adjustment program in 1961 are urged to call at the County Agricultural Stabilization and Conservation Office, according to H. B. Gilbert, chairman of the ASC county committee. The request is made to farmers at this time because farm feed grain and other crop acreage information will be needed for any feed grain program that may be authorized for the coming crop season.

Farmers who supply feed grain and other acreage figures at this time will not be obligated to participate in a feed grain program if one becomes available, but will be eligible to participate. However, Mr. Gilbert points out that a program can be quickly put into operation if the necessary farm acreage information is on file at the county office. He asks farmers' cooperation in providing information that will be needed before a program can be put in effect.

Interested farmers are asked to bring to the county ASC office their records of the acreage of cropland used for field corn, grain sorghums, oats, barley and other crops for the two crop years 1959 and '60. The report should be on the basis of the acreage planted and the use made of the crop produced. Accurate information must be obtained immediately for possible establishment of farm feed grain base acreages.

Since Hempstead County is classed as a minor feed grain producing area, only interested farmers are being asked to make reports. In counties classed as major grain producing areas, acreage reports are being obtained for all farms.

## 52 Herefords Sell for \$88,315

GREENWOOD, Ark. (A) — Fifty-two polled Hereford cattle were sold at the Circle L Ranch here Monday for \$88,315, a sale described by the clerk as the largest of its kind ever held in Arkansas.

The clerk was Don Chittiden of Kansas City, secretary of the American Polled Hereford Association. He said 11 bulls in the

sale averaged \$3,022 and the 41 heifers averaged \$1,311.

ARCH FOR ART'S SAKE—Impressive backdrop for actress Yvette Mimieux is one of the great Gothic arches of an aqueduct built by Louis XIV to supply water for the fountains of Versailles, France. Yvette is in France for the film remake of "The Four Horsemen of the Apocalypse."

## Catholics Have Race Troubles

CHARLESTON, S. C. (AP)—Plans by Roman Catholic parents for a meeting here tonight to discuss opposition to integration of parochial schools have brought a warning from Bishop Paul J. Hallinan.

Bishop Hallinan said that Catholics who attend gatherings "called to oppose the teachings of the Church do so in contempt of the Church's authority."

"Those few Catholics who persist in acting against the Church's teachings cannot expect that their membership in the Church will indefinitely remain unchanged," the bishop stated.

Only Catholic laymen are invited to tonight's meeting at Simon Baruch Auditorium.

At New Orleans, La., Save Our Nation, Inc., a pro-segregation organization, offered to send pamphlets and other writings to the

Charleson Catholic parents. The group, which seeks to uphold segregation through biblical teachings, has been active in opposing the federally ordered integration of New Orleans public schools.

## Future Tradesmen Elect Sweetheart

LITTLE ROCK (AP) — Brenda Pencecock, 17, a Stuttgart High School senior, was elected sweetheart of the Future Tradesmen of Arkansas convention here Monday.

She is secretary of the state organization.

Tony Graves of Hot Springs was named Mr. FTA and distributive education student of the year.

Randall Terry of Fayetteville won the diversified occupations student of the year award.

Total number of teachers in Arkansas a hundred years ago was 933, or one for every 347 white inhabitants.

## Faubus

Continued from Page One

told senators that the governor's bill was the only hope of getting a revised retirement program through the Senate this term.

If his bill hadn't passed, Faubus would have left the retirement system as it is, with the state paying up to 15 per cent of retirement. Both sides agreed that the program needed revamping.

The AEA called the omnibus bill "a mess of political potage." But it passed 31-2 in the Senate and 87-6 in the House.

The companion measure to the construction bill is a \$60 million construction bond bill which must be approved by voters in a special election. It would provide money for major construction at the University of Arkansas, seven state-supported colleges, the State Hospital and the Children's Colony.

The omnibus bill covers projects at other state institutions and includes some non-construction allocations, including the \$2 million for teachers.

The AEA objected that the bill did not insure that the teachers would get that much.

The Senate voted to add an emergency clause to Faubus' retirement bill, meaning that the bill will go into effect immediately when Faubus signs it. This forestalls any possible teacher attempt to get the retirement problem referred to the 1962 general election by referendum before the bill would take effect 90 days after signing.

A referendum would hold up the law.

The House Monday passed and sent to the Senate a bill to appropriate \$175,000 to pay costs of the special election on the bond issue and to pay for issuing the bonds.

Under Faubus' retirement plan, a Special Retirement Study Committee will appraise the Teacher Retirement System and prepare recommendations for reorganization for consideration by the 1963 legislature. The House passed the Senate version of this bill Monday.

No action was taken Monday on the truck bills. The house has agreed to vote on the license tax increase measure first.

A resolution was introduced in the House Monday set up a joint committee to study gambling in Arkansas during the next two years and file a report with the 1963 legislature.

Another resolution introduced Monday calls for creation of an Inmate Rehabilitation Committee to study and report on efforts being made to rehabilitate prisoners of state penal institutions.

The House got into a wrangle Monday over whether to raise the salary of Education Commissioner Arch Ford. The Senate had passed a bill to increase it from \$10,000 to \$12,000.

Perry Rep. Paul Van Dalsen led the fight to hold Ford's pay to \$10,000, and his battle was successful. Van Dalsen led a battle in the Legislative Council to remove Ford from his job, but failed.

The House passed a Senate bill to keep local school districts from using increased state education funds for any purpose but teacher salaries. Another Senate bill passed by the House gives Arkansas contractors a 3 per cent preference on state construction contracts.

The House Monday cut the number of its standing committees from 68 to 24 and provided

Churchwell over the weekend.

Mr. and Mrs. V. A. Keith of Dallas spent the weekend with her mother, Mrs. E. G. Coop and Mr. and Mrs. Tom Wardlaw.

Mr. and Mrs. W. H. White of Shover Springs have Mrs. Tom Puckett of Belton, Texas visiting them.

Mr. and Mrs. Glen Duke and Darlene of Grove, Texas are visiting Mr. and Mrs. Roy Rogers at Shover Springs.

Mr. and Mrs. Charles Roulon of Little Rock were the weekend guests of his mother, Mrs. C. F. Roulon.

Miss Betty Oliphant of Norman, Okla. and Dale Zinn have returned to the U of O after a weekend visit with Mrs. Clyde Zinn.

Mrs. J. S. Gibson is in Minneapolis, Minn., visiting Mr. and Mrs. Johnny Gibson and daughter.

Mrs. Lynn Ross has returned to her home in Batesville after visiting Dr. and Mrs. Jim McKenzie during the McKenzie-Nix wedding.

H. O. Kyler Jr., Melody and Steve of Russellville were weekend guests of his parents, Mr. and Mrs. H. O. Kyler.

Don Stokes of Holly Grove and Johnny Turner, both students at Hendrix, visited Mr. and Mrs. Bob Turner this weekend.

## Liz Taylor

Continued from Page One

ill, Elizabeth Taylor rallied today after blood transfusions and was reported "breathing quietly and peacefully."

A bulletin from the 29-year-old film beauty's bedside said she was "definitely improving" although the "general situation remains grave."

Haggard from worry and lack of sleep, singer Eddie Fisher, 31, for the third night remained near his wife's bedside in the exclusive clinic in the heart of London. Two doctors were in the sickroom throughout the night.

Her parents, Mr. and Mrs. Francis Taylor, also spent the night at the clinic.

The actress was seen this morning by her full medical team of six doctors. After a night with high temperatures her condition is definitely improving this morning and she is breathing quietly and peacefully although the general situation remains grave.

A second breathing expert, Dr. Robert Beaver, was called in to aid the actress, who underwent an emergency tracheotomy Saturday. A breathing tube inserted in her throat then and an electronic lung are helping keep her alive. At one period Monday night, Miss Taylor's strength ebbed, but she rallied after being given blood transfusions for her anemic condition.

An emergency shipment of an antitoxin to prevent the spread of the pneumonia infection was rushed by jetliner from the United States to aid the brunette beauty in her fight against pneumonia complicated by anemia. But after its arrival, a medical spokesman said a new British gamma globulin—probably would be used instead.

Suzanne Cardozo, a personal friend of the star, said after a visit to the clinic this morning that Miss Taylor "is still critically ill but she is sleeping."

When Miss Taylor reached a low point Monday evening, one

for seniority assignments on a strict seniority basis. This is in line with an example set by the national House.

The Arkansas free elector law was repealed Monday with no action from Faubus. Both houses passed a bill repealing the 1959 act that took the names of presidential candidates off the general election ballot.

Faubus neither signed nor vetoed it, and it became law five days after passage.

Faubus signed into law a bill to give railroads the same advantage in damage suits that other agencies have—the right to claim contributory negligence.

## DOROTHY DIX

Mother Fears to Cut the Silver Chord

By HELEN WORDEN ERSKINE

Dear Helen:

Our oldest son is 23, lives at home, has a comfortable room and uses unemployment insurance for spending money. He refuses to finish high school, take a vocational course or join the Armed Forces. His high school teachers told us he had the ability to pass any exam but he won't even try.

We moved from farm to city to give our four children an education. This eldest sets a bad example for the others, having paid nothing toward the upkeep of our home although he owns a car and showers expensive gifts on his girl friend. Both a doctor and psychiatrist found him in perfect health. All he lacked, so they said, was initiative.

In order for my husband and me to make expenses, I've gone back to work. Fortunately my job pays well. Our doctor told me to evict this boy. I can't. Being moody, he might do something drastic. I break my heart to see him "rotting away." Can you suggest a bomb to wake him up? —Frustrated Mother

Dear Frustrated Mother: Cut the apron strings. Push your fledgling out of the nest. That's the only way he'll learn to fly.

Dear Helen: I am 12 and live in Hamilton, Ontario, where spring comes late. My folks say I have to be home when the street lights come on. I don't mind in summer but in the winter all my girl friends stay out skating. Not me. Father says I should consult Mother but I want your opinion too. I'm not asking to go out alone, just so I can skate with the other kids —

of her doctors, Dr. Carl Heinz Goldman, said "we are very worried."

But the blood transfusions gave her added strength.

Under sedation, she frequently lapsed into unconsciousness. But she was able to recognize her husband.

The breathing tube kept her from speaking but she managed to scribble a note: "How am I getting along?"

"Just fine," Fisher told her with a comforting smile.

In another note she asked, "How are the children?"

He answered her with a reassuring smile.

The film beauty has two sons by her second husband, Michael Wilding, and a daughter, Liza, by her third husband, the late Mike Todd.

## Opens Fight Against Red Menace

LOUISVILLE, Ill. (AP) — The opening of his own elementary school today is businessman John Harrell's first step in his plan for a colony to fight what he calls the "Communist menace."

Harrell said he has engaged four teachers to instruct about 25 grade school children in his own home.

He estimated that about 150 persons from central Illinois communities are living on his estate during a two-week religious retreat.

Tonight, he said, an "anti-Communist rally," featuring a St. Louis evangelist, will be held at a church he organized near Louisville about two years ago.

The church is part of a "Christian conservative" movement Harrell estimated it cost him \$250,000 to organize.

A recent three-day rally at the

envelope and address her care of this newspaper. Helpful leaflets available. Write for "Mother Complex."

## Cuban Version of Fatal Shootings

HAVANA (AP)—A shooting that killed two persons and wounded four Saturday was the result of a gun battle between police and bombing suspects, the semi-official paper Revolution said today, and not an attempt to break up a crowd massed to hear Prime Minister Fidel Castro.

That version conflicted with the original story given by witnesses and police. They said a group of men in a speeding taxicab had fired into a crowd assembled to pay tribute to victims of the explosion of the French munitions ship La Coubre in Havana harbor last year.

church was marked by disturbances, and cross burnings.

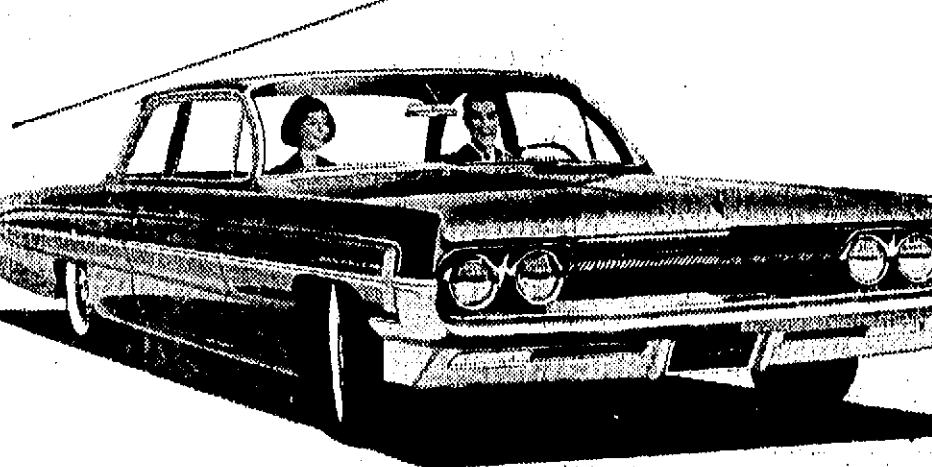

Harrell, a member of the Louisville School Board, said he was opening his own school because it was too dangerous for his children to attend public schools.

County School Superintendent Robert Brissenden said he will press complaints against Harrell for withholding his two sons from school.

## No Favorite in Class AA, AAA Tourney

LITTLE ROCK (AP)—One of the most evenly-balanced fields in years opens play today in the Class AA-AAA state basketball tournament in Barton Coliseum here.

Fort Smith, the runnerup in the Big Nine (Class AA) conference, takes on Smackover, second in 4AA, in the first game at 2 p.m.

First round games last through Wednesday night. Quarterfinals are Thursday, semifinals Friday and finals Saturday.

There is no solid favorite since Big Nine champ Blytheville is hampered by injuries. Blytheville sees first round action at 2 p.m. Wednesday against formidable Harrison, runnerup in 1AA.

Leachville, a Class AA team which won the championship last year, didn't make the tournament to defend its title. Only the top three teams in each of the four AA districts and the top four teams in the Big Nine are in the field.

Other first round games today include Conway vs. Little Rock Central at 3:20 p.m., Helena vs. Jacksonville at 7:30 p.m., and Jonesboro vs. Rogers at 8:50 p.m.

Tomorrow, they play in this order: Blytheville - Harrison 2 p.m.; Hope - Pine Bluff at 3:20 p.m.; Paragould - Little Rock Catholic 7:30 p.m., and Fayetteville - Camden Fairview 8:50 p.m.

Catholic High boned up for the tournament Monday night by beating Little Rock Hall, a Big Nine also - ran, 45-34. The Rockets placed four men in double figures.

Fort Smith, a team known for solid defensive play, is one of the best bets to make the finals. And Little Rock Central and Pine Bluff have excellent records as tournament teams.

Jonesboro is playing in its 26th straight state tournament, and might be called the dean of the state's tournament outfits. It has been in 35 meets, made the semifinals 20 times and reached the finals 11 times. All are records. Pine Bluff holds eight titles to six for the Hurricane.

Fayetteville and Harrison of 1AA and Paragould of 2AA are well-thought of.

If Wes Crawford, a 6-3 high scorer and rebounder, recuperates from a hand injury, he could lead Blytheville to the championship. He has not played in the last two Chick games. Three other Chick lettermen are ailing.

Jacksonville is making its first appearance in a state meet.

### CROWDED HOUSE

DES MOINES, Iowa (AP)—Five thousand persons live at 4129 33rd St. in Des Moines — Mr. and Mrs. C. F. Thousand and their three children.

READY FOR TEE TIME—Chicago White Sox manager Al Lopez relaxes beside the pool at his home in Tampa, Fla., cleaning his golf clubs prior to taking off for the National Baseball Players Championship Golf Tournament in Miami.

## Hope Star SPORTS

### Many Derby Nominees at Hot Springs

HOT SPRINGS, Ark. (AP)—

Twenty nominees for the 87th running of the Kentucky Derby at Churchill Downs May 6 are stabled at Oaklawn Park and they will be joined by several others, including Mrs. V.E. Smith's Bass Cite, winner of the \$40,000 added Cliff, winner of the \$40,000 added.

Heading the group which has been here since the start of the season are Metz and Merzhan's Moly Taw, who made the trip to New Orleans to finish fourth behind Bass Cite; H.M. Florsheim's Sal's Beau and Mr. and Mrs. G. Whittenbough's Star.

Others are Aeroflint, Roman Lad, Sunshy, Big Don, Carle T. My Best, Douglas County, Edward A., Jo-Bot Royalben Endsville, Fingers crossed, Gay's Pal, Jet

Pretender, Mr. Potler, Our Timmie and Red Tuxedo.

Coming here with Bass Cite are Mattia and Bittner's Loyal Son, who finished second in the Louisiana Derby, and J.E. Cosgrove's Blue Croon who was among the also-rans.

Another probable arrival will be Janet Stable's Jewel Thirt, now racing at Santa Anita.

Some of the 3-year-olds are virtually untried and a few have scored their first victories at the Oaklawn Park meeting.

Many of them will compete in the Arkansas Derby April 8.

When to Fish or Hunt

Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Soluna Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to get the best sport that each day has to offer.

The Major periods are shown in gold face type. These begin at the time shown and last for an hour and a half or two hours there after. The minor periods, shown in regular type, are of somewhat shorter duration.

### Fishing Report Around Arkansas

LITTLE ROCK (AP)—Here is a fishing forecast from the Arkansas Game and Fish Commission: Lake Bull Shoals: Water clearing and falling. Bass fair on jigs, eels twinstips. Crappie fair on small jigs and live bait.

Lake Conway: Water clear and six inches high. Bass and crappie fair to good on minnows.

Lake Ouachita: Water condition good. Upper end dingy. Black bass fair on artificial and live bait. Crappie fair on minnows.

Lake Catherine: Bass fair on minnows and artificial bait. Trout fair on minnows.

Lake Hamilton: Water clear and five feet low. Bass and crappie fair to good on crickets and worms.

Lake Green: Water clear and normal. Largemouth black bass fair on minnows and uppermans.

White bass fair on artificial bait.

Lake Norfolk: No report.

## Big Tourneys Trying to Close Out Fields

By DON WEISS

Associated Press Sports Writer

Things are getting so gummed up in the late-hour drive to close the fields for the two major college basketball tournaments that even usually anxious coaches are saying "no" and conferences are having coin-flipping playoffs to determine where game playoffs will be staged.

Officials of the National Invitation Tournament are hectoring scanning the list of availabilities for a replacement they thought they had signed, sealed and delivered.

Tournament controllers of the NCAA championships are puzzling over a 24-team lineup that is only two-thirds completed with the start of scrambling only a week away.

The NIT got a startling refusal Monday from defending champion Bradley, which said no, thanks, after a long meeting of school officials and a comment from Coach Ozzie Orshorn, to wit: "We aren't playing well enough to be a credit to the tournament."

High-ranked nationally all season, and regular season play completed at 21-5, the NIT was figured ready to make Bradley top-seeded for defense of its championship in the Madison Square Garden tourney opening March 16.

With the Braves not interested, the NIT lineup stands at 11. Memphis State, Providence, DePaul, Detroit, Army, Miami of Florida, Dayton, Temple Niagara, and Holy Cross, which accepted Monday, are definite. The 11th spot will go to the loser of the Colorado State U.-Utah clash for the Skyline Conference title and NCAA berth on Saturday. Who is no. 12?

Maybe Duquesne, maybe LaSalle, maybe NYU — the NIT wasn't saying as of early today.

The NCAA lineup remains full.

of vacancies—with three at-large teams and five conference representatives still to be determined.

Monday night, New Mexico State further scrambled the picture by beating Hardin-Simmons 88-72 and forcing a playoff with Arizona State U. for the Border Conference berth. They'll flip a coin to decide where and when the playoff will be held.

Work also began Monday night on unraveling the three-team tangle in the Ohio Valley Conference.

Morehead of Kentucky, with Grady Williams' 26 points helping overcome a 10-point halftime deficit, beat Eastern Kentucky 55-54. That eliminated Eastern but Morehead now advances to a showdown playoff with Western Kentucky at Louisville on Wednesday. That finally will decide what had wound up in a three-way tie on Saturday in the OVC.

Another NCAA berth could be determined tonight. Loyola of Los Angeles can become the West Coast Athletic Conference champ, undisputed, by kicking Pepperdine.

If Loyola loses, San Francisco (playing at Santa Clara) could still tie and there would have to be another playoff.

Fortunately, a couple games Monday night were played just for the spirit of the game—no tournament overtures, no if or maybe technicalities.

Louisville and Marquette, a pair of NCAA at-large teams, warmed up for next week's action with the Louisville Cardinals scoring a 75-50 romp. John Turner hit for 24 points as Louisville, now 19-7, broke a three-game losing streak.

Don Kojis' 17 points were tops for Marquette, now 14-10.

In the Big Ten, Michigan State had five players in double figures, topped by Jack Lamers' 21, in a 74-64 upset of Iowa; Walt Bellamy scored 27 points and picked off a school record 28 rebounds in Indiana's 80-69 victory over Wisconsin; and John Tidwell closed his home Wolverine career with 21 points as Michigan upset Illinois 74-66.

Kansas (17-7) kept alive its chances of tying NCAA-bound Kansas State for the Big Eight title, running its record to 10-3 as Wayne Hightower hit 23 points and Bill Bridges 19 in an 85-75 decision over Iowa State. Joe Scott's school record 46 points featured Missouri's 97-76 rout of Nebraska, and Colorado handed Oklahoma its seventh straight loss, 52-45.
